I came across Scottie Young due to the Wizard of Oz, 6 book series he did. When I came across the first I Hate Fairyland book at the local comic shop I recognized his style immediately and had to buy the comic (after looking briefly through it.) It's unbelievably hilarious and dark, which runs right up my alley. I

can't possibly write a decent review that would do this book justice. All I can say is I LOVE this series and I think all high school aged kid's and adult's (with a twisted sense of humor) would enjoy reading this, simply because it's blow your Muffin' Fluffin' face off AWESOME!!1 of 1 people found the following review helpful. The first volume was so amazing, that it's hard for volume 2 to live up to it. I'd give volume 1 a 5-star rating, and this volume a 3.5 to 4-star rating -- not as good as the first volume, but still really good and worth it.0 of 0 people found the following review helpful. Alice in Wonderland on Crack ContinuedBy Carolyn BaileyEpic fairytale weirdness with plenty of deadpool-esc humor and violence to offset the bright colors and cute creatures. Must buy if you like Skottie Young
