**Masakazu Katsura : I's, Vol. 1: Iori** before purchasing it in order to gage whether or not it would be worth my time, and all praised I's, Vol. 1: Iori:

13 of 18 people found the following review helpful. Aizu, book the firstBy Kyaa the CatlordI'll admit. I read this manga scanlated a while back. I couldn't wait for the liscensing. Heck, I have the first copy of the Argentinian version on my bookshelf. So... I have to share a little tidbit with you.This book is censored.Yes. Shocku. All that crap.But it isn't that bad. There's a picture where Ichitaka's buddy has provided him with a "photoshopped" picture of Iori which is her head on a nude's body. The Viz version adds stars above the nipples on this image, in both locations it is visible

at...The scans don't. The Argentinian version doesn't. But, regardless, I'm buying book two. I don't like censorship, but I'm not buying these books for the nipples. Oh, and before you go and buy the Argentinian version (also available through .com), a warning: you only get up to page 103 in that book for the same price as the Viz version. Thanks for bringing us the manga, Viz, but next time... NO CENSORSHIP. Thank you. (Four star rating reflects the content of the manga, not the butchery by Viz.) 0 of 0 people found the following review helpful. Shonen story... By T. Coleman With the boy fantasizing about oh so many things. It does end on the fifteenth volume so don't feel like you have to cough up a whole bunch for this story if you're interested in it. 0 of 1 people found the following review helpful. It was ok By Miss Plushy Not my cup of tea but it had a few giggles here and there. The art is decent but take this all with a grain of salt because I went into this thinking it was horror for some odd reason. Its ecchi

This is volume one of the I's romance series.
