Mr Matthew Graydon : ICD-10 Code Breaking: Understanding ICD-10 before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-10 Code Breaking: Understanding ICD-10:

3 of 3 people found the following review helpful. ICD-10 Help is at Hand!By JaelleA quick easy reference that I will turn to again and again in the coming years. It provides vital information at a glance for medical coders, or those who have never coded a thing. If you are a clinician, this reference gives handy tips on what needs to be in your documentation. If you are a Biller or Coder, it guides you through what you need to do, and what you cannot do, if you

wish your claims to be paid. I hope this pocket-sized reference comes out in a paperback format. It'd be great to have a copy on my desk.1 of 1 people found the following review helpful. Attention Nurses! ICD-10 guide!By CustomerA great resource for nurses, a quick guide to documentation requirements. This guide will help you not to have your charts sent back to you from HIM as incomplete.0 of 0 people found the following review helpful. Its good to read this book before taking the course.By CustomerGive me brief preview what to expect for learning ICD10-CM. Would recommend it to next batch who will take same course as mine.

ICD-10 came in like a wrecking ball, only it did very little wrecking.
