Faye Brown, Nelly Leon-Chisen : ICD-9-CM Coding Handbook, with Answers, 2015 Rev. Ed. (ICD-9-CM Coding Handbook with Answers (Faye Brown's)) before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-9-CM Coding Handbook, with Answers, 2015 Rev. Ed. (ICD-9-CM Coding Handbook with Answers (Faye Brown's)):

0 of 0 people found the following review helpful. Purchased this for practice examplesBy rubijac5It says used, but it's an extremely good copy. I think its new. My purpose was to get more practice examples of medical coding cases. It's in ICD-9, but that's okay though. Very Happy with this purchase! 2 of 2 people found the following review helpful. It is a great resource for someone who study at thier own paceBy mariaI use this book to study for my CCS exam. it has caes as well as answers, so I can check if I coded correctly. It is a great resource for someone who study at thier own pace.2 of 2 people found the following review helpful. This is really good coding bookBy GraceThis is really good

coding book. I only thing I don't like about it is the answers are with the exercises. But it very helpful book.

The ICD-9-CM Coding Handbook is the only guide published in collaboration with the Central Office on ICD-9-CM of the American Hospital Association. The Central Office is the official industry body that prepares the AHA Coding Clinic for ICD-9-CM. The Handbook helps coders understand the principles behind the classification system so they can apply the official coding advice found in the ICD-9-CM Coding Manual. Academic and in-service instructors can easily arrange course outlines and study exercises around Handbook chapters to train new and experienced coders. Each Handbook contains 100-plus exercises and review questions plus, 269 case summary exercises that are based on real patient records.

About the Author Nelly Leon-Chisen is the Director of Coding and Classification at the AHA, where she heads the Central Office on ICD-10-CM and ICD-10-PCS, and the Central Office on HCPCS. She represents the AHA as one of the cooperating parties responsible for the development of AHA Coding Clinic; for ICD-10-CM and ICD-10-PCS, the ICD-10-CM Official Guidelines for Coding and Reporting, and the ICD-10-PCS Official Coding Guidelines.
