It was in excellent condition, and was exactly what I was looking for to practice coding. I am currently in a Medical Billing and Coding program and used an older version of this book loaned to me through the school. I found that book easy to use, so I decided to buy one for myself from the same publisher. I am glad I did. Fast shipping and the book is in excellent condition.0 of 0 people found the following review helpful. Easy to follow readBy JustinHelped prepare my mother for her CPT test in her additional night classes, she said it helped immensely.She isn't the greatest with English and reading/following along, but she seemed to have no issue with this.0 of 0 people found the following review helpful.
