Richard Sala : In A Glass Grotesquely before purchasing it in order to gage whether or not it would be worth my time, and all praised In A Glass Grotesquely:

1 of 1 people found the following review helpful. Subversive graphic novel, Sala's "war on terror" reflectionBy camcas5This is an exceptional book by Richard Sala, one of his most subversive yet. The cast of characters features some of his most fully-realized creations, including arch supervillian Super-Enigmatix, journalist David who is nursing a broken heart, and another of Sala's powerful, take-no-prisoners heroines, Detective Charms. "Super-Enigmatix" also features some of Sala's most ingeniously funny dialogue. Highly recommended.1 of 2 people found the following review helpful. Solid!By Timothy BirdThis was everything I hoped it would be. Action, adventure, mystery, humor. Good old-fashioned comic just the way I like them.0 of 1 people found the following review helpful. Five StarsBy momof4Genius; challenging, not light-hearted in any way, but genius.

The story of a mysterious and deadly master-villain, told in vibrant watercolors, plus additional short picture stories to amuse and confuse. The latest book from the author of *The Hidden* and *Delphine* contains the epic tale of a modern master-criminal a graphic novella, comprising 115 of the book's 136 pages. Following in the bloody footsteps of super-fiends such as *Fantomas*, *Fu Manchu*, or *Professor Moriarty*, *Super-Enigmatix* is ruthless, cunning, and thoroughly evil. His only goal is to spread fear and cause chaos but does he want to destroy civilization, or save it? Not even his loyal army of female commandos can guess his real motives, or his true identity. The fast-moving "picture story" is

told with sly humor and all the mayhem is depicted in Sala's trademark colorful watercolor washes and sharp, detailed line-work. Also included in this collection are three shorter stories, appearing in print for the first time, from Richard Sala's archive of strange and offbeat tales! Full color
