Charles Soule : Inhuman Volume 3: Lineage before purchasing it in order to gage whether or not it would be worth my time, and all praised Inhuman Volume 3: Lineage:

0 of 0 people found the following review helpful. Still a good enough read to finish the three-parterBy Connor C.K. Not going to lie: I was expecting this to be a contained, standalone three-parter series, which was my own faulty expectation, as it was not. While Inhuman does end with Volume 3, it's not "The End". In fact, it continues into the

"Secret Wars", which is a much large event occurring in the Marvel universe. Aside from that, this volume felt a little more rushed than the first two, with more of a "Let's do the evil thing now... okay, now it's over. Foreshadowing!" kind of pacing. Still a good enough read to finish the three-parter, but I am a little disappointed with how it ended. Overall, if you were planning on getting Secret Wars anyway, then screw it, get Inhuman. But if you aren't, prepare yourself for a cliffhanger ending that just kind of pushes that you SHOULD get Secret Wars. 1 of 1 people found the following review helpful. always a great story and attention to each character By Zachary Tilley the Inhumans ROCK, always a great story and attention to each character. medusa is awesome 0 of 0 people found the following review helpful. Great Book By Johnathan Bobbitt Great read, great story flow and awesome art! This is an outstanding balance that transports the reader into the world of inhumans.

QUEEN MEDUSA VERSUS KING BLACK BOLT with the fate of the Inhumans in the balance! The NuHumans are a valuable currency in the new world order and someone is working hard to control their destiny. COLLECTING: Inhuman 12-14, Inhuman Annual
