Charles Soule : Inhuman before purchasing it in order to gauge whether or not it would be worth my time, and all praised Inhuman:

Became interested in Inhumans after reading Infinity (excellent) and this picks up after the fall of Attilan and tells of how the t-cloud is affecting the world. Introduces some new Inhumans (the Inhumans created after the Terrigen bomb) and their integration into Inhuman society. The story telling and art are top notch, Soule straight kills it and I am looking forward to future Inhuman stories. One caveat for this book is that you should read Infinity first 2 of 2 people found the following review

helpful. Satisfied Inhuman By Chad A Dulac Great story line with a very large collection of books in this enormous hardback trade. Multiple artists but the continuity of a straight comic series read without the adds was worth it's price which was also reasonable. 2 of 2 people found the following review helpful. Read Inhumanity first. By Tomas S. Perez Great book but I would recommend reading Inhumanity and Infinity first.

What is the Ennilux Corporation, and how does it affect the Inhumans' future? COLLECTING: Inhuman 1-3, Original Sins 3 (A Story), Inhuman 4-14, Annual 1
