**Brian Buccellato : Injustice: Gods Among Us: Year Five Vol. 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Injustice: Gods Among Us: Year Five Vol. 2:

0 of 0 people found the following review helpful. Solid Volume, Though the Wishy-Washy Reactions from the Regime to Superman's Dark Actions Lowers the ScoreBy clairetoldmetochangemyscrennamethe tremendous start to Injustice's final "year" continues to with the second volume that has multiple great character moments and one of the single most heart breaking moments of the entire dark comic's run. Harley Quinn remains Injustice's secret weapon as Buccellato, like Taylor before him, gets some great dramatic material out of the character as she contemplates her place in the Insurgency. Likewise a rift forms between Catwoman and Batman as she realizes she can no longer

support his campaign against Superman when every single plan has failed and most of the Insurgents have died in the process. While the Insurgency teeters on the edge, Superman continues to consolidate his power while devolving further into outright madness. No longer killing in battle and merely trying to be a savior to human kind, the evil Superman has gone outright megalomaniac and is murdering those who dare to raise their voices in opposition to him while distancing himself from the rest of the Regime. This leads to the one major setback of this volume (a problem is majorly exacerbated in the final volume that just came out): the wishy-washy nature of characters like the Flash, Green Lantern, Wonder Woman, and Cyborg in the face of Superman's blatant madness. Obviously the writers have been handicapped from the start as all of these characters are on the side of the Regime in the story of the game, but while most of them are rather nefarious and willing to play the part of the evil henchmen in the game, all four are vocally wondering whether Superman has gone too far in this volume. While the Flash does notably betray the Regime during the game's events, Wonder Woman and Cyborg are steadfast supporters of Clark's new world order, but Buccellato doesn't do enough to show how they make that final fall into pure "evil minion" territory. SPOILERS AHEAD. The two dramatic turns for this volume are Superman's massacre of a group of anti-Regime protesters and his decision to unleash Victor Zsasz on Alfred in the hopes that the killer would torture Batman's location out of the butler. These deaths on Superman's hands are enough to bring down the Regime according to Batman and all the aforementioned Regime members publicly question whether or not Superman is so far gone that he is capable of committing such acts. The Flash goes so far as to save Batman from Superman at one point even though Supes nearly snaps Barry's neck for the affront. I wish the writing team had spent a bit more time setting up these characters for their own dark falls instead of wasting time on threats like the Olympian Gods as now Buccellato has only a year to justify their actions in the game. 1 of 1 people found the following review helpful. Love this series By 2 kids and a dog I love this series. Injustice is the thought experiment we all needed. I can't wait to see what's next. It's so dark. 1 of 1 people found the following review helpful. I want more! By Daniel J Great read! Can't wait for the next volume! Lots of shocking events! These volumes are very addictive. Long Live Batman! Who knew that the dark knight would be humanities only light in Supermans nightmare.

The final year and penultimate volume of INJUSTICE: GODS AMONG US is here, leading into the storyline of the hit video game! Having defeated the Green Lantern Corps, the forces of magic, and now the gods themselves, Superman's totalitarian regime seems to have eliminated all threats. Yet uneasy lies the crown on the head of the Man of Steel. Still obsessed with the outlaw Batman and worried about having enough troops to police his world, the Man of Steel begins to recruit some of Earth's deadliest villains to his side. Does the Dark Knight have any chance of ending the Man of Steel's rule? The finale is nearly here, as writer Brian Buccellato (THE FLASH) unveils the penultimate chapter before the events of the hit video game phenomenon in INJUSTICE: GODS AMONG US YEAR FIVE VOL. 2. Collects issues #7-12.

"Starts off with a bang." --FORBES "An addictive soap opera of larger-than-life characters." --PUBLISHERS WEEKLY "Between Taylor's writing and the art team's visuals, YEAR TWO will continue on its predecessor's success and remain as one of the most enjoyable titles published by DC Comics." --NEWSARAMA "A gorgeous book that is familiar enough to be welcoming, but twisted enough to be disturbing and unsettling. These are characters longtime DC readers know, but Taylor and Redondo are proving that nothing is off-limits, with shock and surprise waiting behind every page turn." --CBR "An entertaining gateway into the new game universe." --IGN About the Author Brian Buccellato is a writer and an illustrator, best known for his work as scribe on THE FLASH with co-writer and artist Francis Manapul. He has also written DETECTIVE COMICS, INJUSTICE: YEAR THREE and FOREVER EVIL: ROGUES REBELLION for DC Comics. As a colorist, he's worked for Marvel, DC, Vertigo, Top Cow, Image and Dynamite Entertainment. His recent coloring credits include ADVENTURE COMICS, HELLBLAZER, SUPERMAN and THE FLASH.
