Matt Broersma : Insomnia Vol. 2 (Ignatz) before purchasing it in order to gage whether or not it would be worth my time, and all praised Insomnia Vol. 2 (Ignatz):

An elderly lady-killer, living out his last years in shabby gentility. A mysterious young man wandering aimlessly through an urban wilderness. A chance encounter between two petty lives, each with its own secrets. Insomnia #2 continues Matt Broersma's comics-noir dissection of American society, rendered in uncannily moody two-tone drawings.
