Robert Kirkman : Invincible Volume 12: Still Standing before purchasing it in order to gage whether or not it would be worth my time, and all praised Invincible Volume 12: Still Standing:

3 of 3 people found the following review helpful. Invincible VS Invincibles VS Conquest!!!By HermgermRobert Kirkman, you've done it again. Invincible Vol. 12 just blew my mind, so I felt compelled to write this review literally minutes after finishing this volume, while the data's still fresh. Honestly, I can't praise this series enough! This recent volume (collecting the Invincible War and the Conquest storyarcs) is one of he best examples of the superhero genre

since Spider-man first swung onto the pages of Amazing Fantasy. No other title combines teenaged angst and real-world responsibility with superheroics and family as well as Invincible, and probably never will. So how do I summarize what transpires in this TP without giving too much away? Easy. ACTION. All out bloody superhero ACTION. In a nutshell, without giving away too many spoilers, Angstrom Levy, Invincible's Lex Luthor-like archvillain has transported evil alternate versions of our hero to our earth to jump-start the Apocalypse. Basically the entire Image universe has to rally around Invincible to stave off the threat, resulting in some pretty horrific carnage. As if that's not enough, CONQUEST comes calling. Who?? Nope, I'm not going to give away too much on that one either, except to say that the last couple of issues in this collection features the goriest, most intense superhero fight EVER! How Kirkman's ever gonna top this one, I wouldn't know...Invincible Vol.12: Still Standing collects issues 60-65 of the phenomenal series and should not be missed by any comic book fan! Oh, and before I forget, Ryan Ottley, you are a GOD among pencillers. 0 of 0 people found the following review helpful. An excellent installment in an excellent series By Nathan A Taylor Its the 12th volume in a great series. I suppose if you're looking at this you've already read the others, so I won't try to convince you to pick up the series as a whole. This one advances two of the major plotlines and introduces an intimidating new villain. It also has some tough goodbyes in it but overall its a worthy continuation of the story of Invincible. 0 of 0 people found the following review helpful. invincible is one of the best comics out By Tom Shaffer this comic series never lets me down, I will be collecting them until they stop making them along with other of kirkmans series

Angstrom Levy finally attacks and the world has never been in more danger! Guest-starring the entire Image Universe... and this is just a lead-in for CONQUEST! Invincible faces his most deadly threats yet in this can't-miss volume of the critically-acclaimed series.
