Robert Kirkman : Invincible Volume 21: Modern Family (Invincible Tp) before purchasing it in order to gage whether or not it would be worth my time, and all praised Invincible Volume 21: Modern Family (Invincible Tp):

1 of 1 people found the following review helpful. Best volume since the Viltrumite Wars By Customer Best volume since the Viltrumite Wars. The turn of Robot to evil was a drag on this series but now that he's in control of Earth, that's in the background as Invincible decides to head off planet (angering his allies who want his help against Robot) while in the other main subplot Battle Beast and Thrag have it out. It's nice to not see Invincible constantly doing

questionable stuff and it's nice to see a return to focus on him and the Viltrumites. Thrag's come up with an actually quite clever plan for returning himself to power. I find myself again looking forward to the next volume. 0 of 0 people found the following review helpful. the struggle between family and duty By Frank L. Greenagel II Solid story about Invincible, his parents, his girlfriend and new baby and the push pull between obligation to that family and the idea that "something must be done" about Robot's control over Earth. Lots of old characters make appearances as this volume is clearly prologue to the looming showdown between Invincible and Robot in either volume 22 or 23 or 24 (if Kirkman is playing the long game). 0 of 0 people found the following review helpful. New planet By Reviewer from Terra Unable to deal with robots take over of earth, being a new father, Mark and eve take their baby who finally gets a name, to a new world.

In the aftermath of Robot's attempt to take over the world, the few survivors that remain must pick up the pieces of a world once familiar... but now completely alien Collects Invincible #115-120.
