By SLAVE Art: 9/10 Story: 9/10 Reprint Q: 9/10 This is THE collection of Iron Fist comics of the 70's. This book contains Marvel Premiere (1972) 15-25, Iron Fist (1975) 1-15, and Marvel Team-Up (1972) 63-64. I liked the Marvel Premiere and the monthly. I hated the Marvel Team-Up comics because they were all boring and stupid to read. Anyways, the reprints quality is great and rich. It may lack the authenticity of the original pressings but they should satisfy enough.

A Himalayan expedition to find the mystical city of K'un-Lun left nine-year-old Daniel Rand's parents dead, but he found the path to the K'un-Lun and there spent a decade training under its immortal inhabitants. He became an unmatched master of martial arts and spiritual control; armed with the shattering power of the iron fist, Daniel left immortality behind to set out into the Western world and avenge his parents' deaths. Packed with wall-to-wall kung fu action, Iron Fist runs a gauntlet through the Kara-Kai death cult, ninja adversaries, and mystic dimensions.
