John Byrne : Iron Man Epic Collection: War Games before purchasing it in order to gage whether or not it would be worth my time, and all praised Iron Man Epic Collection: War Games:

1 of 1 people found the following review helpful. Not the bestBy BarClayJohn Romita Jr.'s artwork has never been a favorite of mine, and this detracted from the book. But the real disappointment for me was John Byrne's taken on the golden avenger. There were times when I simply couldn't believe what I was reading. Mr. Byrne did such a wonderful job reinventing Superman and updating the West Coast Avengers, that I was unprepared for a story line that was

simply difficult to believe. Well, it's a comic book, but even a comic book story should hold together given the premise. I found that wasn't the case in this collection. I found myself rolling my eyes at the history of the Chinese dragon, and don't get me started on the fortuitous timing of Tony Stark's enemies taking over his body. Mr. Stark was certainly fortunate that they could only eavesdrop on him when he wasn't Iron Man, wasn't he? There are better collections. It wasn't so dreadful that I would try to scare you away, but if you want an exceptional read, this collection simply doesn't fit the bill. 0 of 1 people found the following review helpful. Four Stars By Van Ikin Good stuff 0 of 2 people found the following review helpful. Five Stars By george golston Love the Romita Jr art!

At last, John Byrne's complete Iron Man run is collected in one volume! Tony Stark has a bullet lodged in his spine...but if it wants to kill him, it had better get in line! The ghost of an old enemy, the machinations of a vengeful madman and a menace from within Tony's own body combine into Armor Wars II, the cataclysmic sequel to one of Iron Man's most infamous storylines! Next, the Mandarin has returned once again - but when the villain unleashes the power of the kingsized alien dragon Fin Fang Foom, it's going to take two Iron Men to stop them! Finally, it's Cold War chaos as Iron Man and the Black Widow race to stop World War III! Plus: the origin of Iron Man!

COLLECTING: IRON MAN (1968) 258-277, (IRON MAN EPIC COLLECTION VOL. 16)
