science, theory, and the likes, having read Van Lente before, I know his definitions have to be pretty accurate. Solid research by Van Lente allows the reader to believe in what his characters are saying, even if you don't quite get it. A series well worth the read

From the award-winning team that brought you ARCHER ARMSTRONG comes a centuries-spanning race against the clock! Join New York Times best-selling writer Fred Van Lente and acclaimed artists Clayton Henry, Francis Portela, and Pere Prez and find out why Wired says "This long-overdue series is Ivar's time to shine" At this very moment in Geneva, Switzerland, history is being made. A thousand meters underground inside the Large Hadron Collider, researcher Neela Sethi is about to discover time travel and jeopardize her life in the process. But she doesn't know that yet. Ten minutes from now, every deadbeat chrononaut, wannabe conqueror, and misguided protector of the timestream will be banging down her door. Good thing that the legendary Ivar, Timewalker, got there first right? Now it's down to history's most jaded, most tempestuous time traveler to stop the worst of everything that is, was, and will be before time runs out! Collecting IVAR, TIMEWALKER #112 along with 20+ pages of rarely seen designs, process art, and extras in deluxe, oversized hardcover.
