I also happen to enjoy the Top Cow/Image universe and was happy with the story the book features.Plot-wise, it can get confusing at some points, but overall, I thought it was done well, though it was more of an action story than anything else.I did find the inclusion of

the technology and philosophy sections in the back of the book to be interesting. As someone who is fascinated by what is being done with technology, these sections raise some interesting questions about how things might look in the future and the concept of merging electronics with humans as well as genetic manipulations. If you're a science fiction fan, I'd recommend picking up this book. It has great artwork and some thought-provoking discussion afterward. 1 of 1 people found the following review helpful. Looking Forward to Volume 2 By Bob This story was a lot of fun for me as a reader. I initially was only going to read one issue from time to time, but I ended up reading the whole thing in one sitting. Combining both the supernatural and sci-fi elements of the Top Cow universe, Matt flips the script by using the Greek pantheon to wrestle with themes such as immortality and consciousness all while against the backdrop of a futuristic setting. Those not familiar with Top Cow's books or characters have nothing to fear, because the book is highly accessible to new readers. 0 of 1 people found the following review helpful. Five Stars By Kevin S Love this series! Big fan of Stjepan! his work is always phenomenal!

In the future there is no more natural death, no needs unfilled, and everything you could ever want is yours...as long as you're one of the chosen ones to live in this new Utopia and you're willing to subjugate yourself to these new self-proclaimed gods with "IX" emblazoned on them. Do the ends truly justify the means? Is a utopia built on genocide worth the price? Aphrodite, Velocity, Hades, and the other Nines establish fiefdoms in this new world and attempt to rule. Their internal clashes have escalated, but they're forced to put their conflicts aside as they face-off against the relentless hordes of the Darkness. The sins of the past have come to claim those who would pretend to be Gods. The cybernetic future established in Aphrodite IX and Cyber Force finally comes face-to-face with the supernatural Artifact side of the Top Cow universe!
