The daring James Bond is back, this time in a lavishly put together collection celebrating the iconic SPECTRE storylines. Featuring 1. Thunderball 2. On Her Majesty's Secret Service 3. You Only Live Twice 4. The Spy Who Loved Me. These fully restored and thrilling stories are based on the original Ian Fleming James Bond novels.

Ridiculously fun and delightfully nasty -The Film Stage"This Bond smokes, gambles, drinks and fights the artwork is amazing -Geek DadFans of old-style comic books and strips, and Bond in general, may want to take some time to flip through this as it features some of the most well-known Bond plots. -Entertainment BuddhaA classic -Barnes NobleA must have -City of FilmsIts like Mad Men but with spies, nukes, and dames! -Atomic MooThe sense of period, the

glamour and Flemings own story-craft are all imaginatively, graphically portrayed. The essence of Bond is in these comics and they remain true to Flemings original envisioning. -Pop Mythology
The newspaper strips are marvelous adaptations of Fleming's James Bond stories and for those that haven't started collecting yet, these new editions, which SPECTRE: The Complete Comic Strip Collection is a part of, are a good way to go. -Cinema Sentries
