Updated Well for the 21st CenturyBy A. KAPLANThis oversized collection, featuring the first 10 issues of the Jem and the Holograms comic plus an annual and two holiday specials, is a fantastic updating of the animated series concept. Focusing on the interaction of the characters, writer Kelly Thompson and her artistic collaborators create an entertaining drama about the members of

two bands. Each character has a clear, distinct personality, and we end up with a very diverse set of individuals, playing out some very human dramas that alternately made me smile and tugged at my heartstrings.

ITS SHOWTIME, SYNERGY! JERRICA BENTON and her sisters KIMBER, AJA, and SHANA are trying to make it as a band but JERRICA's stage fright is holding them back. But when they make a shocking discovery in their father's secret laboratory, the mysterious SYNERGY changes everything, and JEM AND THE HOLOGRAMS are born just wait till PIZZAZZ and the MISFITS find out they have competition! This beautiful oversized hardcover collects the first 10 issues of the critically acclaimed series, plus the double-length Annual, the Holiday Special, and the Valentine Special!

About the Author Kelly Thompson has a degree in Sequential Art from The Savannah College of Art Design and writes comic books and novels for a living. She lives in Portland, Oregon.
