FANTASTIC storytelling, amazing character designs, and all the glamour, glitter, fashion and fame of the original, updated to the 21st century FLAWLESSLY.1 of 1 people found the following review helpful. Awesome seies!By BookaholicWhile it uses the

orig characters and starting plot of the 80s series, it's been updated for the current time and has added in TONS more believability (well, ok, maybe 'cept for Synergy).0 of 0 people found the following review helpful. One of my favorite recent findsBy morehumanthanhumanHonestly, I did miss Sophie Campbell's beautiful and exuberant art from the first volume, but the story here continues to charm and move in interesting directions. This series is one of my favorite recent finds.

Jerrica and her sisters face their biggest threat yet! Meanwhile, the Misfits aren't taking these upstarts lying down... as they find themselves under new management. Plus, go behind the scenes and see THE HOLOGRAMS and THE MISFITS from a whole new perspective that of music columnist Rio Pacheco! Collects issues #710, the Outrageous Annual 2015, and the 2015 Holiday Special.

About the Author Kelly Thompson has a degree in Sequential Art from The Savannah College of Art Design and writes comic books and novels for a living. She lives in Portland, Oregon.
