Robert Levine, Jason M. Burns, Matthew Federman, Dan Shotz : Jericho Season 3 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jericho Season 3:

0 of 0 people found the following review helpful. ThanksBy Seth J.RIP the show, I am not a fan of the comic format, but would not remove stars off a comic for being a comic LoL. The story is 5 stars because it is helping to bring closure and I appreciate that the show worked to provide that for its fans. On its own thus would be a 3 star comic story I

would never read.0 of 0 people found the following review helpful. Not BadBy bbenyNot as much content as a full season, but kept me interested. Keeps close to the shows continuity.1 of 1 people found the following review helpful. How Jericho would have cont if on TVBy LMIGet Season 3 and 4. These are graphic novels not simply comics and they paint an interesting picture of how Jericho would have proceeded if it continued on TV. We meet "Him." The man who launched the events that lead to the bombing. We're introduced to the to all that happened to "Him," how his thoughts and perception were molded, and how he arrives at his final judgment that life as we know it in the US should be wiped clean.

Overseen by the original writing staff of the television series, Jericho is back with a vengeance, with a whole new chapter of stories told in the show's official continuity, picking up where the Jericho Season 2 television cliffhanger ended! Jake Green and Robert Hawkins are safe in Texas with the last remaining bomb from the original attack. Then, from amidst the chaos, they're contacted by John Smith, the mastermind behind the first 23 bombings, seeking aid. As the army of the Allied States of America bears down on them, they must decide whether to side with their former enemy to fight an even greater one

About the AuthorRobert Levine is the co-creator of the hit television seriesBlack Sails on Starz. His other credits include Jericho,Touch, and Human Target.Jason M. Burns is a comic book creator.
