Kalinda Vazquez : Jericho Season 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Jericho Season 4:

1 of 1 people found the following review helpful. Not What I Hoped, but We're Given More Info on Story PlotBy Ada C.We were among the thousands who were disappointed that Jericho was not picked up for a third season. Even though the producers threw together a second season to kind of tie up the threads, there were still a lot of questions. I was delighted to find that "comic" books had been written to get the story to finally come to an end. Unfortunately that

did not happen. Season 3 and Season 4 books left more questions. I am hoping for a Season 5 book. My husband and I enjoyed the books, although I was confused at times with characters who looked similar. It was a challenge to tell them apart in their looks. It was easy to recognize the familiar characters from the TV series, but new characters were a little hard to tell the difference between. I would recommend Season 3 and 4 books to give Jericho fans a little more information. But you're still not going to get closure. 0 of 0 people found the following review helpful. Not Bad By bbeny Not bad. Keeps the continuity of the series. Definitely not a full season. Maybe like 4 episode worth of content. 0 of 0 people found the following review helpful. I love this series By JD The show may be cancelled, but this story lives on! I love this series, and can picture each character's voice from the show. Things are getting crazy interesting.

Overseen by the original writing staff of the television series, Jericho is back with a vengeance, with a whole new chapter of stories told in the show's official continuity. Jericho Season Four picks up where Season Three left off. Though Jake and Hawkins are happy to be back in Jericho, the challenges they face are daunting. Not only are they fugitives in their own hometown, but they find themselves forced to play host to the newest member of the Jericho community John Smith, a man who some know as a friend of the resistance, but who Jake and Hawkins know as the man behind the September Attacks. Only they know his secret. And only they can stop him from committing another heinous act.

About the Author Kalinda Vasquez is a television writer and producer whose credits include Once Upon a Time, Human Target, Nikita, and Prison Break. Andrew Currie is a UK comic book artist whose best known work includes 2000 A.D. and Fantastic Four. He has also worked on other titles from IDW publishing, among them The X-Files, Action Man, and T.H.U.N.D.E.R. Agents.
