**Brian Michael Bendis : Jessica Jones: Avenger** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jessica Jones: Avenger:

Some Extra Jessica Jones Stories and Not Much Else By Matthew D'Souza Enjoyable stories and random issues that Brian Michael Bendis wrote with Jessica Jones as a lead or side character. They really just tie in the events after Jessica Jones: The Pulse up to the new series that starts with Jessica Jones: Uncaged! The stories are fun, but very simple. They do not achieve the innovation and noir tone of Alias, nor

the emotional storytelling of *The Pulse*, but as a tie in of extra short stories in comic book form, they're pretty neat! The art varies from great, harkening back to *Alias*, to amateur, reminiscent of *The Pulse*'s cartoonier style rather than the grittier and more realistic tones of the detective noir likenesses found within *Alias*. NOTE: I ONLY recommend this for big fans of Bendis that HAVE TO HAVE READ all 4 *Jessica Jones: Alias* books AS WELL AS *Jessica Jones: The Pulse* FIRST! 0 of 0 people found the following review helpful. *Jessica Jones Rules! (Read Alias)* By TsyrocBig Jessica Jones fan from *Alias* and *The Pulse*. This throws in her appearances from the various *Avengers* books that she and Luke Cage made appearances in. Personally my favorite has to do with her having a crush on teenaged Peter Parker when they were in high school and him not having a clue. It leads to some entertaining interactions between Spider-Man and Jessica Jones, and in other books Spider-Man and Luke Cage. 6 of 8 people found the following review helpful. a disjointed Jessica Jones greatest hits album that cashes in on the Netflix series...go read the original issues By Frank L. Greenagel II 4 stars for the stories 1 star for the repackaging of these stories If you have read Bendis's *Avengers*, then you already have read these stories. During the pre-order phase, neither Marvel nor stated that this was a collection of OLD stories repackaged to capitalize on Netflix's fantastic tv series starring this drunken and financially strapped wash-up super hero turned private eye (spoiler: her life eventually improves). The stories are very good - Brian Michael Bendis created Jessica Jones and turned her into a very compelling character that was quite well rounded. He supplied her with some of the most wonderful dialogue that Marvel offered up in the 00s (particularly in her scenes with Luke Cage...it's probably the best written romantic relationship in Marvel). This collection is disjointed though - it puts together a series of disparate stories. If you like Jessica Jones, go read all three trades of *Alias*, every issue of *The Pulse* and Bendis's entire *New Avengers* run. You'll be pleased.

You've binge-watched her hit series, now binge-read Jessica Jones' greatest *Avengers* adventures - including every post-*ALIAS/PULSE* collaboration by her creators, Brian Michael Bendis and Michael Gaydos! While the Skrulls' *SECRET INVASION* rages, Jessica makes a fateful decision that may wreck her marriage to Luke Cage! But when Norman Osborn captures Hawkeye, Jessica will step up - and Jewel will fly again! Uncover Jessica and Luke's first case together when Doctor Doom crashes their dinner date.
