Jim Butcher, Mark Powers : Jim Butcher's Dresden Files: War Cry before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jim Butcher's Dresden Files: War Cry:

1 of 1 people found the following review helpful. A great addition to the on-going storyline of the Dresden File series...By MarilynFor fans of the Dresden Files series the story War Cry takes place chronologically just after Dead Beat. However, reading this before completing Turn Coat will reveal a major spoiler from the novel series perhaps best left until after completing that book to keep the a surprise. If introduced to Dresden by the graphic novels, this may pique interest to dive into the actual novels themselves. A secret conflict is raging across the world, from the

shadows of ancient Sicily to the nighttime streets of Chicago a war between vampires of the Red Court and Wizards of the White Council, protectors of the innocent. The bad guys are winning. In fact, the Council is so desperate to reinforce their decimated ranks that they've turned to someone they've long considered untrustworthy: Harry Dresden. Now a Warden, Harry's been tasked with leading a team of your inexperienced wizards and their first mission will determine the outcome of the war with the Red Court. Harry and three young Wardens find themselves defending a Venatori outpost from Red Court attack and leaving more questions than answers. This hardcover book is a nice addition for any fan of the Dresden File series that just can't get enough of Harry and the chaos surrounding his life. I did notice in my copy that there were a few points where the text appears to either mis-spell a word or phrase a sentence slightly off grammatically but it's nothing that takes away from the overall story itself just a small bump that gives a brief pause when reading. I enjoy seeing a visual story of characters new and old in the Dresden series. Carlos Gomez does a nice job illustrating Butcher's story adapted by Mark Powers for this graphic novel. 0 of 0 people found the following review helpful. This is a nice adaptation from book to comic. By Pocketmouse Good art style. This is a nice adaptation from book to comic. Nice original stories from the author. Works really well on the Kindle Fire, but wouldn't do well on Kindle paperwhite, as you really need the color. The Kindle-exclusive content is not really that impressive. The price is okay for the Kindle version, but I am an avid Jim Butcher fan, so it was worth it to me. If you are fans of the Dresden files, you will really enjoy this! 1 of 1 people found the following review helpful. A riveting read. By Taylor Ellwood I really enjoyed this graphic novel. I like the Dresden series and this graphic novel lived up to the books in terms of the action, the characters, and the magic. If you like the Dresden files, you'll love this graphic novel and it'll give you a chance to visit some of your favorite characters, while you're waiting for the next book.

To say I loved this book would be such an understatement. It's a great, intensely fun, quick read that satisfied my Dresden Files itch in a year during which I'm not sure we'll get a new novel in the series. - Kirkus A war is raging between the vampire forces of the Red Court and the White Council - a war that the wizards are losing. So desperate are the Council that they've dragooned the experienced and the outcast to reinforce their thinning ranks of Wardens. One of these draftees is one Harry Dresden, Chicago's only wizard-for-hire and a guy who's long been looked upon with suspicion by the supernatural authorities. Now, he's one of them, and his first big mission as a Warden is a doozy: take a small team of greenhorns to a frigid town in the middle of nowhere to rescue a handful of mortals who've been targeted by the Red Court. The question is, why exactly are these particular mortals so crucial to the outcome of the war? The answer will come only if Harry can keep them, and his team, alive for one very long night.
