Though calling them a prequel does not really do them justice. Tokyo Pops two book Garthim Wars is also a prequel that looks into one particular

skirmish. Creation Myths delves into the earliest days of Thra, the origins of Aughra, the Mystics Skeksis, as well as what life was like before the crystal chipped. The contents of this final volume break down as follows;05Prologue: The Storytellers Lament08Chapter One: A Gathering of Shadows18Chapter Two: The Ambassador Of The Crystal29Chapter Three: Emperor Of The Skeksis42Chapter Four: Raunips Dilemma54Chapter Five: The Valley Of The Urru68Chapter Six: The Call Of Battle81Chapter Seven: The Storytellers Farewell86The Dark Crystal: Characters In Development by Karen Falk88Sketchbook by Alex Sheikman The Miners, The Skeksis, and The Gelfling.96Acknowledgements to Brian Froud, Matthew Dow Smith, Alex Sheikman Lizzy JohnWhen the original film premiered back in 1982 I was in a cultural neutral zone between being a disinterested young adult and the arrival of my own brood. It took a decade for everything to align allowing me to settle down with my own kids and explore this wonderful fantasy. These three Archaia books have offered me another ground, this time with a grandchild, and I consider that one mark of a timeless classic!0 of 0 people found the following review helpful. Fun, If you're a dark crystal fanBy Autumn M. EricsonThe "Dark Crystal" is a cult classic movie for me, so this series was somewhat essential to my collection. Although the story is a little vague and basic (like 3rd grade reading level), I thoroughly enjoyed it. The concepts are true to the original movie and the artwork is exquisite.0 of 0 people found the following review helpful. Five StarsBy Customergreat book

At the close of the Age of Harmony, began the Age of DivisionBrian Froud, legendary conceptual designer of the beloved Jim Henson fantasy film The Dark Crystal, returns to the world he helped create in this stunning conclusion of the official prequel to the original movie. The world of Thra is shattered. Following the events of the Great Conjunction, the once-powerful Urskeks have been split into two separate beings: the Skeksis and the Mystics. Only Raunip and Aughra know their true origins, but they are trapped in the bowels of the world of Thra, searching for the shard of the Dark Crystal. But as the aftermath of the Great Conjunction wreaks havoc upon the Gelfling tribes, the Gelfling may have no choice but to rely upon the one race offering aid: the Skeksis. The species of Thra will have to decide who they can trust if they hope to keep their world together. Written by Matthew Dow Smith (Doctor Who, X-Files) and gorgeously illustrated by Alex Sheikman (Robotika) and Lizzy John (Fraggle Rock), this third volume is the epic conclusion to the Creation Myths saga and also features behind-the-scenes photos and concept sketches from The Jim Henson Company Archives documenting how creature and puppet designs that never made it into the film were adapted and brought to life on the page.
