**Chris Claremont, John Byrne : JLA Vol. 8 (Jla (Justice League of America))** before purchasing it in order to gage whether or not it would be worth my time, and all praised JLA Vol. 8 (Jla (Justice League of America)):

0 of 0 people found the following review helpful. OVERALL GRADE: B to B plus.By MISTER SJEMIt's the JLA saving the world again but this time around they suffer emotionally when others are harmed and are actually haunted by it. As a result the grade goes higher even though the dialogue states the obvious.

Chris Claremont (Uncanny X-Men), Chuck Austen (ACTION COMICS) and Joe Kelly (JUSTICE LEAGUE ELITE) showcase the trials and tribulations that come with being the Worlds Greatest Heroes. The JLA investigates a rash of child disappearances, but soon begin to disappear themselves! Before long, Superman is brainwashed and in the hands of a fanatic cult that worships an ancient vampiric evil. Who are the mysterious powerful beings that have been shadowing the JLA friend, foe or something entirely different? Then Superman, the Flash, Green Lantern, Martian Manhunter, Wonder Woman and Batman each are forced to face a time when they were unable to save an innocent or prevent disaster. Like police officers and firefighters who share a bond only their brethren can understand, the JLA members must help each other process the pain and go on with their mission and their lives. Featuring the art of John Byrne (MAN OF STEEL), Jerry Ordway (SUPERMAN: THE DEATH OF SUPERMAN) and others, this volume collects JLA #94-106 and JLA SECRET FILES 2004 #1!
