**Johnny Ryan : Johnny Ryan's XXX Scumbag Party (Angry Youth Comix)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Johnny Ryan's XXX Scumbag Party (Angry Youth Comix):

He takes time to carefully litter Loady and Sinus' world with garbage, fluids, cans, needles, bottles, dead stuff and any number of gross ephemera that really adds an interesting patina to the boob and poop jokes. Which are brilliantly taken to uncomfortable levels. Everything this guy does rules.1 of 12 people found the following review helpful. Dimbulb FunniesBy RextrentNot very funny. Not good art. Not clever.Disappointing and one of the worst examples of underground comics available.This material might be enjoyable if your brain has been short-circuited and fried to a crisp, or you are an AntiSocial Psycho with nothing

better to do. 1 of 1 people found the following review helpful. Not for everyone...By Gavin Lees...but I must admit to getting many a guilty giggle out of this collection. Johnny Ryan never seems afraid to take a gag into the furthest reaches of taste and depravity, or care about who he offends. The jokes are sometimes hit or miss and often recurring ideas do wear a bit thin. But, for every mild fart or penis gag, there's always a retarded Hitler or rapist detective waiting around the corner for a final, hideous payoff. If the humour of South Park and Viz is a little too mild for your taste, you're sure to love Ryan's material.

Collecting issues 6-10 of Angry Youth Comix and other surprises, starring Boobs Pooter, Loady McGee, Sinus O'Gynus, Baby Johnson, and Blecky Yuckerella. Plus over 100 hilariously offensive gag cartoons! Johnny Ryan is the one-man MAD magazine behind the quarterly comic-book series, Angry Youth Comix. He has made a name (Rolling Stone called him 2005's "Hot Cartoonist," based on much of the work from this collection) and built a cult audience with his audacious sense of humor, mixing absurdist slapstick, social parody, and a compulsion for the profane that borders on the Promethean in its rejection of self-censorship (the very title of this book may give some indication). Collecting issues six through ten of Angry Youth Comix as well as many other surprises, Johnny Ryan's XXX Scumbag Party features such signature Ryan characters as Boobs Pooter, Loady McGee, Sinus O'Gynus, Baby Johnson, and Blecky Yuckerella, as well as over 100 hilariously offensive gag cartoons peppered throughout the book.

From Publishers Weekly Complaining that Ryan's comics are grossly offensive, stupid and juvenile is like complaining that water is wet: that's the entire point. The raison d'être of Ryan's work is pushing beyond the limits of tasteless humor into pure gross-out overload; the joke isn't the punch line itself, but how horrible the punch line is. This collection mostly compiles short stories from his Angry Youth Comics series, featuring recurring characters Boobs Pooter, Blecky Yuckerella, Loady McGee and Sinus O'Gynus, as well as his single-panel gag cartoons. (Sample caption: Whoa! Check out the size of the tits on that concentration camp! Actually, most of Ryan's jokes are unrepeatable in this magazine.) Ryan's sense of outrageousness is as tediously limited as a sixth-grader's; his repertoire is almost entirely excretory and/or sexual, with the odd decapitation or racist gag thrown in for variety. Occasionally, there's a flash of actual wittiness, like his brief, scatological condensations of Charles Burns's Black Hole and Craig Thompson's Blankets. Mostly, though, it's poop jokes, drawn in a flat bigfoot style that recalls old Playboy cartoonists without their lan or whimsy. A page or two of Ryan, if you're in exactly the right mood, can be nasty fun. An entire book's worth is just about unbearable. (Sept.)
