Roger Stern, Tom Defalco, David Michelinie, Steve Englehart, Bob Harras : Judgment Day (Avengers Epic Collection) before purchasing it in order to gage whether or not it would be worth my time, and all praised Judgment Day (Avengers Epic Collection):

0 of 0 people found the following review helpful. Five StarsBy Joel C. RiedelAwesome !!1 of 2 people found the following review helpful. EpicBy MCF_SDRoger Stern at his finest. His Avengers is one if the finest runs ever. This collection features some of his best.2 of 4 people found the following review helpful. Five StarsBy uncle meatNice

collection of stories and they are in color.

{AVENGERS EPIC COLLECTION VOLUME 17} Roger Stern's fan-favorite run comes to a celestial conclusion! For the life of Hercules, the Avengers must storm the very gates of Olympus and take on an entire pantheon of all-powerful Greek gods! Do our heroes stand a snowball's chance in Tartarus? Then: Magneto's on trial, and he needs all the help he can get! The X-Men aren't sure what his scheme is, but they're positive they don't want the Avengers and the Soviet Super-Soldiers to find out before they do! COLLECTING: Avengers (1963) #278-285 and Avengers Annual #16; PLUS: Marvel Graphic Novel #27: Emperor Doom; X-Men vs. Avengers #1-4; and West Coast Avengers Annual #2 Marvel launches the Epic Collections -- a new way for fans to collect their favorite series! Each super-sized volume in the Epic line presents a heaping helping of Marvel's greatest heroics in one handy, affordable and self-contained package. What's more, each Epic Collection TPB is also a piece of a grand puzzle: When all is said and done, the Epic volumes will fit seamlessly next to one another on readers' bookshelves, presenting a complete and unbroken run of each title! So be sure to get in on the ground floor! Marvel's most storied titles -- including Amazing Spider-Man, Avengers, Captain America, Fantastic Four, Iron Man, and Thor -- are going Epic, and there's no turning back!

"Roger Stern had such a grip on the Avengers at that time ... [he] set a standard that was hard for many to follow, with only a couple succeeding." -- David E. Huston II "Stern juggles long-running plots, character conflict and realism so well. His always-evolving team of regulars includes heavy hitters like Captain America and Thor alongside wild choices like Starfox and Dr. Druid, and yet the mix always seems right. He makes both the Wasp and Captain Marvel into heroines who sound like professionals in a dangerous business." -- Paul Cornell, writer of Doctor Who, Action Comics, and Wolverine "Roger Stern's swan song on Avengers was another doozy, as the Avengers were kidnapped by the gods of Olympus and deposited in Hades as retribution for the injuries Hercules suffered during the Mansion Siege storyline. Things looked pretty bad, but only because Zeus hadn't yet learned the number one lesson of godhood: don't mess with the Avengers. By the time this ended, half of Olympus was in ruins, and all of comic fandom was left agog at Stern's awesomeness." -- Scott Harris "Roger Stern went out in style with a fantastic storyline. It's one of the best Avengers tales ever ... reminding you why Earth's Greatest Heroes shine, even against the gods." -- Michael A. Weyer "Arc after arc, [Stern] nailed it. With the Avengers he didn't just create Under Siege, but went on to write the Olympic Saga ... and before that he reinvented the whole Kang/Immortus story, and created Nebula, Thanos daughter." -- Thomas Piperson "The X-Men vs the Avengers #1-4. The Avengers decide to bring Magneto to justice, the X-Men declare that there's no way he can get a fair trial, hilarity ensues... Yeah, editorial took over the last issue but the characterization of all the super-heroes involved in the first three issues was gold." -- Emmanuel Seyman
