So happy to finally have them, they are quite difficult to come by in English. I highly recommend ordering from Right Stuff here on - they shipped the manga with great care and sold them for a very reasonable price! If you're a Junjou Romantica fan scoop these up before they are gone! 0 of 0 people found the following review helpful. Junjou Romantica series By Susie K. Junjou Romantica series is another classic series for anyone who love

Yaoi. Funny, romantic and sexy, the story follows three main sets of protagonists: Usagi Akihiko and Misaki, Nowaki and Hiro-san and finally Miyagi and Shinobu. Each pair of lovers have their own trials and tribulations to contend with, but all the characters are fun and lovable in their different ways. This series has been made into a really successful two season anime and I really hope that a Season 3 will soon come about with English subs! Highly recommend anyone who is interested in yaoi. 0 of 0 people found the following review helpful. Great story, but poorly printed book. By Celia Lannan I love the story! But the book itself is poorly printed. Some of the words run off the page so I'm unable to read some full sentences. It doesn't make it impossible, but it's just kinda irritating when I have to guess some of what the sentences are saying. The story is great though. It's super cute and I love the art. I wonder if I got a defective book.

Misaki must make a dangerous choice when he's invited on trips by three different members of the Usami family. Will his life take a turn for the worse when he turns down the wrong one? And as Misaki keeps getting involved into the Usami family drama, insecurities about himself continue to increase. Will Akihiko be able to cheer him up when they take a steamy bath together?
