**Mark Millar : Jupiter's Circle, Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jupiter's Circle, Vol. 1:

6 of 6 people found the following review helpful. outstanding job, Mr. MillarBy Frank L. Greenagel IIA re-imagined Justice League set in the late 1950's. Superman and Wonder Woman are represented as you expect - they are supporting characters and moral pillars. The Batman, GL and Flash characters are fascinating here (I don't want to give their stories away, but they are all presented as human, interesting, flawed and yet still heroic).Wilfredo Torres's art is

outstanding - it reminds me of Darwyn Cooke, which is very high praise. The appearance of J Edgar Hoover and the reference to L. Ron Hubbard were quite entertaining and fitting. 0 of 0 people found the following review helpful. An interesting prequel to the excellent Jupiter Legacy comic book. By D. Tonnel.
