Because among her many great traits is selflessness. In this, she attempts to save the entire JL, even at the cost of her own life, by circumventing a prophecy by an Oracle. I can't say more other than this is one of my favorite WW stories. 0 of 0 people found the following

Two Justice League epics written and fully painted by Christopher Moeller are collected in a single volume for the first time. First, in the story "A League of One," Wonder Woman hears a prophecy that her Justice League teammates will die in battle against a dragon - so it's up to her to first defeat the team herself before she battles the dragon. Then, in the story "Cold Steel," the team launches into space to stop a conflict between two warring factions. Collects the original graphic novel JLA: A LEAGUE OF ONE and JUSTICE LEAGUE: COLD STEEL #1-2.
