"Worthy of the adjective, but in a good way."The New York Times"There are some threats that are too much for even Superman, Batman and Wonder Woman to handle...That's when you call the people who make magic their method."CraveonlineAbout the AuthorJ.M. DeMatteis doesn't make much sense to us. One day he's writing spiritual-infused titles such as MOONSHADOW and SEEKERS INTO THE MYSTERY. The next day he's writing funny books like MISTER MIRACLE or DR. FATE. Then another day he's doing super-hero work on The Amazing Spider-Man and Captain America. Still another day he's dipping into the fantasy realm with Abadazad. Make up your mind, Marc!
