They have given so much depth to this character with a story line that left me wanting more. I was disappointed to see this was a one and done volume and that JLoFA was cut short as well. If you are reading JLoFA this is a must read.1 of 1 people found the following review helpful. Give it a chanceBy AustralianChicksJohns did a great job with a character who has so much potential but still gets a ton of hate for the way he was written in the past. Wish this run could've lasted longer.

One of the most unlikely members of the Justice League of America ever (okay, THE most unlikely) stars in his own title! Vibe will soon discover he's one of the most powerful individuals on Earth. But how did Vibe get his abilities? What is the cost to them? And why does the JLA want him on the team so desperately? Co-written by Geoff Johns (JUSTICE LEAGUE, GREEN LANTERN) and Andrew Kreisberg (co-creator of ARROW), this volume collects Justice League of America's Vibe issues #1-10.
