Geoff Johns : Justice League Vol. 4: The Grid (The New 52) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Justice League Vol. 4: The Grid (The New 52):

Somehow both redundant and incomplete By Michael BDC Has done a lot of redundant, mystifying publishing with the new 52 (I think I have Batman #17 in 5 different books) but this somehow manages to be the worst yet! For starters, there are only five issues here: 18-20 and 22-23 (21 is the

conclusion of the Shazam arc so that's in the Shazam book) so that's not a lot of content. Secondly, the inclusion of 22 and 23 is essentially pointless here. These are part 1 and part 6 of the trinity war crossover (the other 4 were in JLA and JL dark) so you're getting the beginning and ending of a long and complex story. I read all the other parts before reading JL 23 but I have to imagine that issue 23 will make no sense to someone who only reads these two issues. Moreover, what JL fan isn't going to want to read the entire trinity war arc??? Why is DC not asking these questions? This collection is just foolish and you shouldn't give DC your money for it...So how's the actual content? It's pretty entertaining but nothing special. Issues 18-20 revolve around the JL getting some new members and lead into Trinity war. Tensions are high as Superman and Wonder Woman's relationship is keeping everyone on their toes. Meanwhile, an old villain shows up to the Justice League watchtower and the new members have to deal with him. A lot of what happens here is set up for Trinity War.As for 22-23... Imagine if you bought a novel that had the first chapter and the last chapter... Yah, this collection is dumb. Here's the trinity war book:http://www..com/Justice-League-Trinity-War-New/dp/1401245196/ref=sr_1_1?s=booksie=UTF8qid=1397672894sr=1-1keywords=justice+league+trinity+warThis contains all 6 chapters of trinity war and 5 extra tie-in issues. A much better value AND you get the entire arc! This leads directly into Forever Evil and is essentially a must-read for JL fans, purely for its epic scope.So this leaves you in a tough spot. If you want to read trinity war, you'll probably want to read issues 18-20 first as they introduce some threads that are continued in Trinity War. Sadly, if you pick up the trinity war book and this one, that means you're only getting 3 new issues here for the price of a hardcover book. Of course, you could just buy those 3 issues digitally, but then you're going to have a hole in your JL collection between volumes 3 and 5.There's just no good solution here and that is inexcusable in my opinion. This senseless publishing really makes DC look like money-hoarders. They need to reward their devoted fans, not punish their wallets! DC easily could have included those 3 issues in a different book (Trinity War or JL vol 3) or put the whole 6-issue trinity war arc in this book (as with JL 3 and Aquaman 3). Or, they could have had 2 different Trinity War collections: a standard with just the 6 issues and a premium with everything (including JL 18-20). Really, there are countless ways DC could have solved this problem but they chose not to. If you want them to stop publishing cross-overs so incompetently, then don't buy this volume!0 of 0 people found the following review helpful. A Small (and unnecessary) Piece to Trinity WarBy Bobby SprinklesThe first three collected issues are basically three stand-alone one-shots. (JL #18 "The Grid", JL #19 "War Games", and the prologue to Trinity War; JL #20 "Secrets"). These issues are good in their own right; they feature great character driven stories with a good share of action and mystery...But that's where it ends. The last two issues of this book are the first and last chapters of Trinity War. So it should go without saying that you should not read the last two issues of this volume! (Unless you want the ending of Trinity War to be spoiled), just read Trinity War separately. It should also be noted that Justice League of America Volume 1 (which is an excellent read) also includes Trinity War parts 3 and 4. And so I can only assume that Justice League Dark will also include a couple chapters of Trinity War. It looks like DC has dispersed the Trinity War story into multiple tie-in books. Unnecessary. Just read Trinity War separately.0 of 0 people found the following review helpful. Almost DisappointedBy Badr Abuljadaye!This is more or less a prequel to The Trinity War. Probably more less. The first third of the book is a prequel to The Trinity War, and the rest is a barrage of excerpts from The Trinity War book. It might get messy and very jumpy for some who dont know the full story, but it gives you what you need to go on to Vol 5. But what you need might not be what you want; The Trinity War is the better book. I really think they should have just labeled The Trinity War vol. 4 and sold this as a prequel. They are essentially the same thing.

The event that the New 52 has been building towards since the beginning! #1 New York Times best-selling writer Geoff Johns (GREEN LANTERN, BATMAN: EARTH ONE) brings together almost two years of plot threads for an epic tale that will forever change the shape of the DC Universe. When the three Justice Leagues go to war with one another, who's side will everyone be on? Allies will be born, friends will become enemies and the DC Universe will never be the same.This volume collects JUSTICE LEAGUE #18-23.

Praise for JUSTICE LEAGUE: "Moves forward quickly and gets the reader intrigued from the start."YAHOO! Associated Content"Welcoming to new fans looking to get into superhero comics for the first time and old fans who gave up on the funny-books long ago."Complex Magazine"Justice League is about as much fun as you can have reading a comic book."MTV Geek "Reis' manages to impress in a major way with his visuals."IGN "This is what "Justice League" should and can be: heroic adventures , world-threatening calamities and human interaction. Johns has found his stride on this book and it certainly helps that the art team of Reis, Prado and Reis have come along for the adventure.."Comic Book ResourcesAbout the AuthorGeoff Johns is an award-winning writer and one of the most popular contemporary comic book writers today. Johns is the author of The New York Times bestselling graphic novels Aquaman: The Trench, Blackest Night, Green Lantern: Sinestro Corps War, Justice League: Origin, Superman: Brainiac and Batman: Earth One which hit #1 on the bestseller list. He is also known for transforming Green Lantern into one of the most critically and commercially successful franchises in comics.Johns was born in Detroit and studied media arts, screenwriting, and film at Michigan State University. After moving to Los Angeles, he became an assistant

to Richard Donner, director of *Superman: The Movie*. He and his mentor Donner later co-wrote *Superman: Last Son* featuring the return of General Zod. Johns has written for various other media, including episodes of *Smallville*, *Arrow* and Adult Swim's *Robot Chicken*, for which he was nominated along with his co-writers for an Emmy. He is the Chief Creative Officer of DC Entertainment and resides in Los Angeles, California.
