A bold visionary artist, Mack is able to revel in the culture of instant artistic gratification and engaging storytelling. He's an absolute inspiration, making Kabuki one of the most exceptional graphic novels of our time. It's an Adventure worth investing in. No denying the beauty of each page colored/drawn; you will not be disappointed. Please take the time to collect or read Kabuki Library volumes 1-4.1 of 1 people found the following review helpful. All I will tell you is you have to buy it to really appreciate the story more and see just how good David Mack is with all styleBy Kathleen Ann RickardThe 3rd book in

the series and David Mack went all out in all forms of Art on this. It continues the Kabuki story but I won't tell cuz I'd ruin it for everyone even a hint of it. All I will tell you is you have to buy it to really appreciate the story more and see just how good David Mack is with all styles of Art. From sketches to Raw almost child like drawings, importing graphics and different textures, he pushed the envelope on this. Philosophy and Theology everything went into books 2 and 3. Even the characters from book 2 are brought into book 3. I like MC square and I can see a lot of David Mack's life in this book a world of possibilities. You want to see this if you love Graphics. Highly recommended. 1 of 2 people found the following review helpful. Should be on every coffee table! By Dursin This is truly the format for the work of David Mack, whether you're a fan of his comic work or just art in general, this should be on your coffee table. Kabuki Library Volume 3

Celebrating 20 years of Kabuki, This is the third volume in a complete set of the entire critically acclaimed Kabuki series in large oversize Library editions. This edition collects the Kabuki volume 7: The Alchemy and more--including all new material by David Mack! With the help of Akemi, Kabuki has escaped from Control Corps amidst all the fallout and mayhem. And now that Kabuki has the chance to learn what her true calling in this life is, it seems there is a kind of Akemi network. A network that Kabuki herself will be asked to help in. And it seems Akemi is attempting a kind of revolution. One that Akemi expects Kabuki to play a major part in. A revolution that will change the landscape of their world forever. Praise for David Mack and Kabuki: "Takes comic narrative to the art gallery level . . . genius." -- Chuck Palahniuk "Storytelling as fine art." -- Alex Ross "One of the true geniuses of the medium." -- Entertainment Weekly
