Work of art..By NewBloodWell i have to say that this is the first manga ive ever read (besides shounen jump etc) and wasn't exactly sure if id like it or not. Having read the reviews on-site i decided to buy and give it a try (the reviews were accurate.) In the end i ended up falling in love with the series,

its one of those short and sweet ones. heres some quick points-Pros: Interesting charactersExcellent artwork 'emotional conveyance to reader'Good plotGood ending (well i thought so)Right balance of funny and sad partsOne of those you can read a few timesGood PriceCons: Dialogue somewhat lacking at some points (early on)Contains a bit of "fluff" or "filler" (early on)Feels like series should have been longerIn a quick summation id say: if your thinking about getting it do so!! i dont think that youd regret it (read a chapt. or two online if your not sure if its your 'taste'.)if you like what you see-- GET BOTH BOOKS!! i only bought the first one and am regretting that decision.. :(hope the info helped. peace out--0 of 0 people found the following review helpful. Better than I thought.By Danielle F. SchefPersonally, I don't consider a guy being turned into a girl "yuri" even if he/she likes girls. Its something I just cannot get passed. I started watching the anime a while ago, before I stumbled upon the manga, and had to turn it down 2 episodes in because I just could not get passed the fact that he was formerly a guy.However, when I picked up this omnibus, I thought what I was getting was yuri, as I was unfamiliar with the title. The story though, when I started reading it, I instantly remember what it was. I ignored it and kept reading through, and it actually wasn't -that- bad as I originally thought. It's very comical, and the main love triangle is quite interesting. I'm certainly roped into getting the second omnibus.4 of 4 people found the following review helpful. good readBy David ShimmyThe story is just adorable. While the art seems a little 7 out of 10 in the beginning you truly get to know the characters and fall in love with them in a way that makes you fall in love with the artists style along with them. It's interesting, and ideas about gender identity get touched upon here and there which make you think about what it is to be male or female, as well as of course entertains you with a theme that's pretty different.It's worth it. The story will stay with you. It's nice.^.^
