**Joe Pruett : Kilroy Is Here** before purchasing it in order to gage whether or not it would be worth my time, and all praised Kilroy Is Here:

A being of unknown origin and power who is drawn to scenes of human suffering, Kilroy is an avenger of the innocent and protector of the weak. With topical stories focusing on the little known or forgotten atrocities of the real world,

Kilroy Is Here has become a cult classic series where a number of today's top creators honed their craft.
