Sawako and Kazeha first kiss, and a much needed talk about their feelings towards each other. He finally breaks down and admits he wants her only for himself, and knows she has been working so hard to come out of the shadows everyone put her in, and she admits that she is jealous of everyone's attention of him and only wants his smile to herself. Then it's girl talk time and Ayane, Chii, and Sawa sit down and tell each other of the updates of

their relationships with their counterpart, the biggest one of course being CHii and Ryu. Then everyone comes over for a party, which surprises Sawa's dad when he comes home from work and he grills Kazeka to ensure he still cares for his little girl. This was a tear jerker to say the least. I am glad things are finally moving in the right direction for all the girl (and there are times i wish i could reach into the story and smack Kazyeha on the back of the head). Also they need to make a new season of the anime, this part of the story should be watched by all. 2 of 2 people found the following review helpful. Kimi ni todoke By Michael in San Rafael I chose this rating because I loved how they had a party and all got together and I'm glad that they kissed and talked about there relationship. I liked the kissing scene and I liked the party scene. I disliked nothing. I would give this book to romance and friend book lovers. (also comic lovers too.) 0 of 0 people found the following review helpful. ^_^ YES!!! By Kayla Another great addition to the tale of Kimi ni Todoke. I was so excited the whole time i was reading this volume. It will be hard to put down and leave you craving the next volume.

A bestselling tale of high-school romance with an (almost) supernatural twist. Sawako Kuronuma is the perfect heroine...for a horror movie. Nicknamed "Sadako" after the haunting movie character, everyone is afraid to come near her for fear of being cursed. But her whole life changes when she befriends the most popular boy in class, Shota Kazehaya. After the Christmas party, Kazehaya finally kisses Sawako! But a kiss is not enough, and Sawako asks permission from her parents to stay out late with Kazehaya. Then, Sawako's friends dish the details of their own very special Christmas Eves when everyone converges at her house for an impromptu party. Reads R to L (Japanese Style) for teen audiences.
