I love seeing how the couples from the game were integrated into both story and I adore these stories so much! Along with the manga's amazing artwork, the heartwarming stories put and kept a smile on me all the way until the end. I would recommend this to someone who enjoys the genre or is looking for a cute story and I HIGHLY recommend reading this if you have played through the visual novel like I have.I would also recommend the visual novel that this manga is based on. Not only do the couples

in the visual novel appear in both stories, but it will definitely add to the entire Kindred Spirits on the Roof experience (which, in my opinion, has been and still is an incredible joyride of fluff, cuteness, and amazingness).Note:* If you have played the visual novel but not read this yet, this is a must read.* If you have not played the visual novel but have read this, I would HIGHLY recommend playing the visual novel as well.* If you have not played the visual novel and not read this yet, I would recommend playing the visual novel first (and listening to the drama CDs), then reading this.8 of 8 people found the following review helpful. So adorable :)By Troy BrownKindred Spirits on the Roof is an incredibly adorable read. The first part is somewhat of an average (albeit still super cute) yuri story, but side B is where it's at for me. The quiz club storyline is actually interesting, and the art is quite different and refreshing. I personally loved all of the swooning that Chiharu and Tokino did every time Rika and Natsuki did anything cute.I never played the game it's based on, so I don't know how it stands in that context, but I can confidently say that it's a great read on its own :)4 of 4 people found the following review helpful. An adorable read; very light and fluffyBy Carmichael MicaalusAn adorable read; very light and fluffy, perfect to brighten your day. The artwork is top notch, and the story moves at a good pace. I really enjoyed this, and I'm glad my friend recommended this to me!

Kindred Spirits on the Roof is a yuri manga omnibus based on a bestselling visual novel game of the same title. The story follows multiple schoolgirl romances with some ghostly interference! Two friendly spirits inhabit the rooftop of an all-girls' school and, inspired by their own feelings of unrequited love for each other, try to make more yuri couples among the living students. The Kindred Spirits on the Roof game has been localised into English by MangaGamer and is available for download on the popular digital game platform, Steam. Kindred Spirits on the Roof, the manga, features adorable artwork, charming love stories, and unforgettable characters that are spun-off directly from the digital game. This omnibus contains the complete two-volume manga series, along with multiple full-colour inserts, and will be adored by fans of such titles as Girl Friends and Strawberry Panic. Mako and Shiori have been best friends since they were children, but when Mako suddenly confesses her love to Shiori, all Shiori can do is run away! One year later, Shiori sees Mako and decides she wants to rekindle their friendship. Can the two girls go back to their relationship the way it was before, or are they ready for it to evolve into something else? Meanwhile, fellow student Hase Chiharu loves seeing yuri romance play out. For that reason, she becomes enamored by two senior classmates, Natsuki and Rika, a power couple in the school's Quiz Show Club. When Chiharu joins the club so she can be closer to them, she meets the adorable Tokino. Tokino can't take her eyes off their beautiful upper classmates either, and as Chiharu and Tokino observe the couple together, their own sweet relationship begins!
