LONG A WAIT By bowersnart The book was in great condition, just came almost a week after the end time. I needed it for a gift and I had to give it late. I was really upset even sent a notice to the seller, my friend loved it, she had the original series at one time and is just now looking into getting them again. I was happy with the condition just not the service.

From the Publisher Colleen Doran is a multiple award winning author, artist and painter who began her career at the tender age of sixteen! She has devoted half of her life to chronicling her magnum opus, the hauntingly beautiful, A Distant Soil. Listed as one of the five best books for teenage girls by Sassy magazine, with more than enough adventure, intrigue, political and religious under-pinning to keep the most discriminating reader of any age or gender spellbound
