It is filled nearly 400 pages of high quality photos and information. It has the exact same quality as a school textbook build and paper wise. Very happy with this purchase.

You very easily get your money's worth with this. 21 of 22 people found the following review helpful. If you are a Fallout fan I have two words for you: Get it! By ImZakMan This book is HEAVY. I accidentally dropped it and tried to break the fall with my foot...ouch. The art is BEAUTIFUL! And there is a TON of it. One who is into Fallout could spend lots of time just ogling at the artwork. If you are a fan of the game or of the genre in general you cannot go wrong with this book. 68 of 71 people found the following review helpful. Worth every penny By Chapters By far the best video game artbook I have seen. The thing smells amazing from all of the color ink used to produce it. Easily about half of the book is full page art printing, with many other pages featuring many different concepts for a particular element/character in the game. I am a big artbook aficionado and before this I would say the Witcher 3's artbook was the best, but the Fallout 4 artbook surpasses it with sheer content. If you are thinking about buying it, buy it now.

Bethesda Game Studios, the award-winning creators of Fallout 3 and The Elder Scrolls V: Skyrim, welcome you to the world of Fallout 4 - their most ambitious game ever, and the next generation of open-world gaming. The Art of Fallout 4 is a must-have collectible for fans and an ultimate resource for every Wasteland wanderer. Featuring 368 oversize pages, never-before-seen designs, and concept art from the game's dynamic environments, iconic characters, detailed weapons, and more -- along with commentary from the developers themselves.
