As a fan of both the anime and the manga, I really enjoyed seeing more artwork (and in full color, too!). The poster inside is nice, too, although I had to be very careful about removing it; I recommend using an Xacto knife instead of scissors. However, the book was slightly damaged when it arrived. Something sticky had been dripped on the front cover, messing up the dust jacket. While the book itself is top quality, I do wish that whatever warehouse it had been kept in was better maintained.0 of 0 people found the following review helpful.
