BEWARE: this is not your typical superhero story. The Authority does not deal with bank robbers. They work on a global scale. They act against governments,

corruption, famine and drought. They deal in force and practical solutions. They work for the betterment of the human condition on this universe and across the multiverse. They die and they kill. 1 of 1 people found the following review helpful. Really great. Even though this was published pre-2001. By Chris McCue Really great. Even though this was published pre-2001, it's still fresh and enjoyable today. Exciting and full of tongue-in-cheek humor, and consistently great art. 0 of 0 people found the following review helpful. Thumbs up. By Robert Lloyd Morris I enjoyed the story. Was my first time through it, and the first time in a while that I have read a comic. But it was well done.
