Kurt Busiek : The Autumnlands Volume 2: Woodland Creatures before purchasing it in order to gage whether or not it would be worth my time, and all praised The Autumnlands Volume 2: Woodland Creatures:

0 of 0 people found the following review helpful. good world building, nice art...a traveling fantasy taleBy Frank L. Greenagel IIMr. Busiek's work on the first several volumes of Dark Horse's Conan series was incredible, and I posit that it sits at the top of the fantasy comics genre. Volume 1 of his series was very good (though not Busiek-Conan god). The Autumnlands is set in a world of animal people (dog people, owl people, goat people, sheep people....you

get the idea). They have magic instead of advanced technology, but the magic in the world has been weakening. After the wonderful world building and then heroic battle of volume 1, this edition follows the hero (a human male that has been summoned from another world, perhaps our Earth) and his young dog-man wizard apprentice friend as they wander the lands running into various animal-people and respond to a different crisis each issue (it feels a bit like the Odyssey). It's decent, but I didn't devour it in one sitting (rather, I read it over several days). This is telling, for I have not fallen for any character nor have I been hooked into the story. Still, I will read volume 3 to see if the hook comes then. 0 of 0 people found the following review helpful. Great artwork. Solid Story By Dean Anthony Great artwork. Stranded in the mountains, the Great Champion and the young dog-wizard Dusty discover gods, goats, living statues, oracular crows, and dangerous secrets about the history of the Autumnlands. Secrets that could help them save the world if they're able to survive. This hit epic-fantasy series named Best of 2015 by The Onions A.V. Club continues, by superstar creators KURT BUSIEK, BENJAMIN DEWEY, and JORDIE BELLAIRE. Collects THE AUTUMNLANDS #7-14.
