Continuing the tale of the STD in ganglandBy PaulAllardAn STD called The Beauty causes peoples looks to improve but at a cost, especially as someone has found a way to kill them. This set of stories deals

with assassins, double-crosses and revenge with plenty of action, bloodshed and a high body count. Engaging and enjoyable, this is well worth a read.

Before the Beauty, the world was blissfully unaware...but far from innocent. Collecting issues #7-11 of the critically acclaimed series from writer/artist Jeremy Haun (Constantine, Batwoman) and co-writer Jason A. Hurley, the second volume of The Beauty introduces new characters who encounter the disease before the full truth of what it meant to contract it was known. Bringing the intriguing new cast to life are guest artists Mike Huddleston, Brett Weldele and Stephen Green, with colors by Eisner-nominated John Rauch.
