**Hotaru Odagiri : The Betrayal Knows My Name, Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Betrayal Knows My Name, Vol. 1:

0 of 0 people found the following review helpful. Well worth it! :)By meaganAbsolutely love it! This series is great and the characters are hard not to like even the antagonists. The story is very unique and indeed heart wrenching at times. But I find it impossible not to love this series. I especially love how innocent and weak the main character is portrayed because then it gives him room to mature into a greater character. I bought a used copy of the book and while worn out quite a bit it does not disappoint plus for the price it is well worth it. I'd say that my copy was very

well-loved and will continue to be. In my own opinion the wear and tear gives the book some character. While I prefer to get books brand new I had to admit that I instantly fell in love with it when I received it in the mail. One thing I found quite surprising was the thickness of it. I assumed it would be smaller but it wasn't which made me like it even more. So if you are thinking of purchasing the first volume in this series I would definitely recommend it. Maybe go for a used copy because the new ones can get quite expensive. 14 of 15 people found the following review helpful. Beautiful manga!! By kirika Finally! I've been waiting for this manga for so long! First off, This is an Omnibus edition ie. 2 volumes in one! and the size of the book is larger and thicker than the regular manga sizes (this is my first omnibus book) with a nice lovely cover and four color inserts. So worth the price!! I saw the anime first and reading the manga is so much better for me because the story is better developed and we see more into Luka's mysterious past. Plus the art is so beautiful!!!! Hotaru Odagiri's art never ceases to amaze me \* \_\_\_\* the way she draws those characters is just stunning, smooth-clear lines and very attractive characters who don't look alike (that's very common in many mangakas... they tend to have look alike characters a lot~\_~) she's the only one who can make me fall in love with a drawing lol the story is full of action, tender moments, friendship, strong bonds and it also deals a lot with the fear of being alone or losing that precious someone. I should also mention that I had a huge dislike for Yuki (the main character) in the anime but now that I finished reading my manga, I happily realized that I like Yuki! He's not that annoying, whining or miserable in the manga as he is in the anime. I could appreciate him for what he is: a gentle soul yet strong at the same time. I love all the characters, very unique in their own way, even the chef of the Twilight Hall and the Dr. pervert are very likeable hehe this manga can be very funny at times and very sad too. Even though this is a shoujo manga, for yaoi fans, the BL hints are marvelous but never crossing the line. All in all, I'm quite content with the friendship and heart warming feelings that this manga evokes among its characters. Can't wait for the next release, a nice manga in my collection indeed! 1 of 1 people found the following review helpful. Five Stars By Kori Everyone needs to read these!

Abandoned as a baby and raised in an orphanage, the kind-hearted high-schooler Yuki Sakuragi is driven by a need to find the reason for his existence. Plagued by mysterious dreams, Yuki also possesses the strange ability to read the deepest, darkest thoughts of anyone he touches. As both the dreams and his powers intensify, there appears before him a beautiful young man named "Zess," whose face tugs on Yuki's memory. He warns Yuki not to venture outside on Walpurgis Night, the eve of the blood-red moon, which invites death. But when Yuki's compassion leads him to disobey Zess's order, has Yuki carelessly thrown his life away before he's even given himself the chance to find out the very reason for it?

About the Author Hotaru Odagiri is a Japanese manga artist who started out on the boys' love side of Japanese comics. Among her works in this genre, *Only the Ring Finger Knows* and *Time Lag* were published in English editions, and the former was a top seller in the American market. Odagiri has been working on the ongoing *The Betrayal Knows My Name* since 2005.
