darkness series for sometime and find the majority of these story's to be a fantastic continuation of the series. As the tale goes on you see Jackie learning to master his powers while also seeing teh consequences of his previous actions. All in all a great lead up to the 'Rebirth' line of omics from Top Cow.5 of 5 people found the following review helpful. Excellent addition to my Darkness comic book collectionBy Warren ManI've been a huge fan of the Darkness comic book series since it's inception. I love the storyline as well as the amazing artwork that it offers. I can't wait for the third Compendium to be released.1 of 1 people found the following review helpful. Five StarsBy Axell AbreoSimply amazing, incredibly thick and beautiful artwork. Great for anyone either as a gift or just to read

The twisted journey of Jackie Estacado, bearer of The Darkness, an elemental force that allows those who wield it access to an otherworldly dimension and control over the demons who dwell there, continues! Follow Jackie as he returns from Hell itself to seek revenge against the Franchetti mob family, rises to Don, becomes a Kingpin, and falls from grace in these stories by Top Cow's Finest.
