Jim Starlin, Steve Englehart, Doug Moench : The Death of Captain Marvel before purchasing it in order to gage whether or not it would be worth my time, and all praised The Death of Captain Marvel:

1 of 1 people found the following review helpful. Nearly Moved to TearsBy CustomerReading comics digitally on Kindle has been a great way for me to catch up on big events throughout Marvel's history for a reasonable price. I know the mantle of Captain Marvel has been passed down a few different times now and I decided I wanted to go straight to the source. Do not expect a ton of action in this book. That's not what it's about. What it is about is the life

and death of one of the greatest heroes in all the universe. Despite defeating monsters, aliens, psychopaths, and super villain, cancer is a menace Mar-Vell cannot defeat. As he looks back on his triumphs, his failures, his impact, and the friends and loved ones he leaves behind, we feel Mar-Vell's mortality, his confusion, his fear. It's incredibly moving, heartbreaking, and inspirational. Heroes and villains gather to say their farewells to the legendary Kree warrior, showcasing the different ways an individual deals with impending death of a loved one. These parts were especially heart wrenching. I highly recommend this to anyone that hasn't yet read it, or for someone relatively new to comics to get a better idea of the legacy of a major character. 0 of 0 people found the following review helpful. A sad book indeed. By Taradusi I read sad stories but don't like them. This book about Captain Marvel dying from cancer is almost as sad as Bambis' mom getting shot by hunters. The artwork is good. Plot is a step above the usual slugfest. Not suitable for 12 or younger. Ties up what some bit players were doing at this point in the Marvel universe. 0 of 0 people found the following review helpful. Still as good. By A. Guzman I have always had a fondness for Captain Marvel, don't know why, but represented the best we could try to be, and as a kid, reading his stories, I set a big goal for my life. Sad he died, but he is one that one way or another remains in current stories. Good book.

As Protector of the Universe and de facto defender of Earth, the Kree Captain Mar-Vell has triumphed over foes large and small. But when Mar-Vell is diagnosed with cancer, he finds himself face-to-face with a foe that even his vast might can't defeat ... and both he, and a universe that loves him, must rally together to accept the inevitable. Plus, look back at the seminal battle with Nitro that infected Captain Marvel years before - and, in the midst of a battle with Titan's planet-sized computer system, now corrupted by the madness of Thanos, witness the budding romance between Mar-Vell and his true love Elysia! COLLECTING: Captain Marvel (1968) 34, Marvel Spotlight (1979) 1-2 and Marvel Graphic Novel 1: The Death of Captain Marvel
