Original Colorist Back to EC Archives/Dark Horse!!!By StantzI'm going to give this a full and proper review at some point in the next few weeks, but I can't believe it - Dark Horse finally got rid of Carlos Badilla and brought back Jamison Coloring Services, the original EC Archive colorists!For anyone who has been following the neverending publishing drama behind the EC Archives, the last three volumes as published by Dark Horse have been incredibly disappointing for their garish and very out of place modern coloring by Badilla, an otherwise talented colorist.I'm thrilled to see Jamison back on board. Praying this is going to continue throughout the rest of the series. More in depth review to come!0 of 0 people found the following review helpful. More value than just nostalgia...By Joseph A. ArdineOf course these classic EC reprints remind readers of a time gone

by, but they offer more value than just nostalgia. Contains 6 issues of Two-Fisted Tales, 2 of which are special all Civil War issues. And with each issue having 4 complete stories, that means you get 24 well crafted yarns from some comic legends. Kurtzman, Davis, Wood...each a professional at the height of talent, and it shows in the work that holds up to close scrutiny even today. And the educational perks are pretty clear; the artists strive to render uniform, weapon and vehicle with flawless historical precision. Considering that the hardback editions cost \$30+, these digital copies are a steal. So much talent for so little cost. 0 of 0 people found the following review helpful. The art carries the book. By Reviewer from TerraNot having grown up with EC comics, I have no sense of nostalgia for it. While the stories within run the gamut from good to poor, the art by masters like Wally Wood and John Severin, to name a few, carry the book.

Before Two-Fisted Tales burst onto the scene in 1950, war comics were largely unsophisticated, focusing only on action and adventure wartime propaganda, essentially. But under the editorial direction of Harvey Kurtzman who also penned the majority of the stories herein, Two-Fisted Tales dared to examine all the horror and madness to be found on the battlefield. Collecting Two-Fisted Tales #30-#35, this volume features the work of comic book greats Gene Colan, Johnny Craig, Reed Crandall, Jack Davis, Will Elder, Ric Estrada, George Evans, Joe Kubert, Harvey Kurtzman, John Severin, and Wally Wood in fully remastered digital color. Foreward by Joe Kubert.

About the Author Numerous authors and illustrators contributed to the work within the pages of the EC Archives.
