Mark Waid : The Flash by Mark Waid Book One before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Flash by Mark Waid Book One:

1 of 1 people found the following review helpful. Great book for Wally West fans! By Sultan I. Khetani This book with amazing illustrations, drawing, and most importantly written by Mark Waid made me like the Wally West character even more than ever before. Wally's start as kid flash and his relation with aunt Iris felt genuine and heart wrenching.

Not that big on action driven pages but fantastic on character development. 1 of 1 people found the following review helpful. Five Stars By Graham G Great read, and a fun way to catch up on early/mid 1990s Flash. I'll be awaiting the 2nd volume! 2 of 2 people found the following review helpful. The beginning of a classic run! By Michael Updyke Love Waid's Wally. Book One a, little bumpy, but he really hits his stride in what will be, covered in subsequent volumes. I really hope DC completes the run.

In 1990, Mark Waid wrote his first Flash story. Under his keen pen, Wally West, who had already been running in the footsteps of the Flashes who came before him, matured into a Flash in his own right. Waid brought a depth of character to The Flash that changed him for good. As a child, Wally visits his Aunt Iris and her distinctly boring fianc, the perpetually tardy Barry Allen. Things get interesting for Wally, first when he discovers that Barry and The Flash work together, and then when an accident in Barry's lab gives him powers just like his heroes! Young Wally is quickly in danger not only from The Flash's enemies, but from the side effects of his new powers! This first book in THE FLASH BY MARK WAID series collects THE FLASH #62-68, THE FLASH ANNUAL #4-5, THE FLASH SPECIAL #1 and THE FLASH TV SPECIAL #1.

About the Author Born in Hueytown, Alabama, Mark Waid has earned his living as a lounge singer, a magician, a disc jockey, an accountant, and in many other ways, but none of them as eclectic--or fun--as scripting comic books. Waid has written for every major comic publisher, including Marvel Comics, Archie (where he served briefly as their cover-gag editor), Dark Horse, Image, DC Comics and Top Cow. His credits include X-MEN, FLASH, JLA, RUSE, FANTASTIC FOUR, the best-seller KINGDOM COME, his creator-owned series EMPIRE, and the Top Cow breakout hit HUNTER-KILLER.
