**Brian Buccellato : The Flash Vol. 5: History Lessons (The New 52)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Flash Vol. 5: History Lessons (The New 52):

0 of 0 people found the following review helpful. 'd recommend this volume only for those who, as completists, need to read all of the stories, even the fillers. By Manuel A. I've recently rediscovered comics, and among them The Flash.

Although the Flash I grew up with was Wally West and still think that Mark Waid's run is as yet still the best one, I must say that this latest iteration (with a comeback by Barry Allen) is quite good. The first four volumes of the paperback were very good, solid basic story but with astonishing artwork, just absolutely beautiful. All of this being said, this volume 5 really just serves as a bridge to the next creative team (Vendito etc.) and thus the stories are not at the level of the previous volumes. Even worse, the art of F. Manapul is missing. So I'd recommend this volume only for those who, as completists, need to read all of the stories, even the fillers. 0 of 0 people found the following review helpful. Good quality book By Emilia We bought these for our 6 year old son for Christmas. He has gotten very much into graphic novels and comics and this seemed like it was age appropriate for him. He loves them. The books are good quality and should last as long as he takes care of them. Pictures are colorful and bright, dialog sufficiently explains what is happening in the story line. Overall, we are pleased with the purchase. 0 of 0 people found the following review helpful. Skip this By Comic Reviewer The first 4 volumes were great, this is something completely different. Contributes nothing to the overall story of Flash's new 52 run, horrible art just skip it like I should have

The fifth volume of the New 52 breakout hit - The Flash! Find out how Barry Allen adjusts after his epic battle with The Reverse Flash! Also, find out how The Flash and Green Lantern first met in THE FLASH Annual #2 included in this volume. Collects THE FLASH #26-29 and THE FLASH Annual #2.

"A visual treat.... Any reader can easily jump on board." THE NEW YORK TIMES "The Flash will be one of the runaway hits of this reboot--and could eventually become one of the great runs of American superhero comics." TIME OUT CHICAGO "Flash fans should breathe a sigh of relief that the character is 100% definitely in the right hands." MTV GEEK About the Author Brian Buccellato has worked on several high-profile books, including UNCANNY X-MEN, GENERATION X, and ASTRO CITY, before striking out on his own as a freelance colorist. His most recent work includes writing and coloring THE FLASH as a part of DC Comics--The New 52. Brian has worked as a freelance colorist since 1996, working for Marvel, DC, Vertigo, Top Cow, Image and Dynamite Entertainment. His recent coloring credits include ADVENTURE COMICS, HELLBLAZER, SUPERMAN, AND THE FLASH.
